

Computer Associates Trusted Open Source License

Version 1.0

PLEASE READ THIS DOCUMENT CAREFULLY AND IN ITS ENTIRETY. THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS COMPUTER ASSOCIATES TRUSTED OPEN SOURCE LICENSE ("LICENSE"). ANY USE, REPRODUCTION, MODIFICATION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES THE RECIPIENT'S ACCEPTANCE OF THIS LICENSE.

License Background

Computer Associates International, Inc. ("CA") believes in open source. We believe that the open source development approach can take appropriate software programs to unprecedented levels of quality, growth, and innovation. To demonstrate our continuing commitment to open source, we are releasing the Program (as defined below) under this License.

This License is intended to permit contributors and recipients of the Program to use the Program, including its source code, freely and without many of the concerns of some other open source licenses. Although we expect the underlying Program, and Contributions (as defined below) made to such Program, to remain open, this License is designed to permit you to maintain your own software programs free of this License unless you choose to do so. Thus, only your Contributions to the Program must be distributed under the terms of this License.

The provisions that follow set forth the terms and conditions under which you may use the Program.

1. DEFINITIONS

- 1.1 "Contribution" means (a) in the case of CA, the Original Program; and (b) in the case of each Contributor (including CA), changes and additions to the Program, where such changes and/or additions to the Program originate from and are distributed by that particular Contributor to unaffiliated third parties. A Contribution "originates" from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions do not include additions to the Program which: (x) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (y) are not derivative works of the Program.
- 1.2 "Contributor" means CA and any other person or entity that distributes the Program.

- 1.3 “Contributor Version” means as to a Contributor, that version of the Program that includes the Contributor’s Contribution but not any Contributions made to the Program thereafter.
- 1.4 “Larger Work” means a work that combines the Program or portions thereof with code not governed by the terms of this License.
- 1.5 “Licensed Patents” mean patents licensable by a Contributor that are infringed by the use or sale of its Contribution alone or when combined with the Program.
- 1.6 “Original Program” means the original version of the software to which this License is attached and as released by CA, including source code, object code and documentation, if any.
- 1.7 “Program” means the Original Program and Contributions.
- 1.8 “Recipient” means anyone who modifies, copies, uses or distributes the Program.

2. GRANT OF RIGHTS

- 2.1 Subject to the terms of this License, each Contributor hereby grants Recipient an irrevocable, non-exclusive, worldwide, royalty-free license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form. For the avoidance of doubt, the license provided in this Section 2.1 shall not include a license to any Licensed Patents of a Contributor.
- 2.2 Subject to the terms of this License, each Contributor hereby grants Recipient an irrevocable, non-exclusive, worldwide, royalty-free license to the Licensed Patents to the extent necessary to make, use, sell, offer to sell and import the Contribution of such Contributor, if any, in source code and object code form. The license granted in this Section 2.2 shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the Contribution causes the Licensed Patents to be infringed by such combination. Notwithstanding the foregoing, no license is granted under this Section 2.2: (a) for any code or works that do not include the Contributor Version, as it exists and is used in accordance with the terms hereof; (b) for infringements caused by: (i) third party modifications of the Contributor Version; or (ii) the combination of Contributions made by each such Contributor with other software (except as part of the Contributor Version) or other devices; or (c) with respect to Licensed Patents infringed by the Program in the absence of Contributions made by that Contributor.
- 2.3 Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, except as provided in Section 2.4, no assurances

are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other person or entity. Each Contributor disclaims any liability to Recipient for claims brought by any other person or entity based on infringement of intellectual property rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any.

- 2.4 Each Contributor represents and warrants that it has all right, title and interest in the copyrights in its Contributions, and has the right to grant the copyright licenses set forth in this License.

3. DISTRIBUTION REQUIREMENTS

- 3.1 A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:

- a. it complies with the terms and conditions of this License; and
- b. its license agreement:
 - i. effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose, to the maximum extent permitted by applicable law;
 - ii. effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits, to the maximum extent permitted by applicable law;
 - iii. states that any provisions which are inconsistent with this License are offered by that Contributor alone and not by any other party; and
 - iv. states that source code for the Program is available from such Contributor at the cost of distribution, and informs licensees how to obtain it in a reasonable manner.

- 3.2 When the Program is made available in source code form:

- a. it must be made available under this License; and
- b. a copy of this License must be included with each copy of the Program.

- 3.3 If the Program is distributed in object code form, then a prominent notice must be included in the code itself as well as in any related documentation, stating that the source code for the Program is available from the Contributor with information on how and where to obtain the source code.

- 3.4 This License is intended to facilitate the commercial distribution of the Program by any Contributor. However, Contributors may only charge Recipients a one-time, upfront fee for the distribution of the Program. Contributors may not charge Recipients any recurring charge, license fee, or any ongoing royalty for the Recipient's exercise of its rights under this License to the Program. Contributors shall make the source code for the Contributor Version they distribute available at a cost, if any, equal to the cost to the Contributor to physically copy and distribute the work.
- 3.5 A Contributor may create a Larger Work by combining the Program with other software code not governed by the terms of this License, and distribute the Larger Work as a single product. In such a case, the Contributor must make sure that the requirements of this License are fulfilled for the Program. Any Contributor who includes the Program in a commercial product offering, including as part of a Larger Work, may subject itself, but not any other Contributor, to additional contractual commitments, including, but not limited to, performance warranties and non-infringement representations on such Contributor's behalf. No Contributor may create any additional liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") who made Contributions to the Program distributed by the Commercial Contributor against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions, including any additional contractual commitments, of such Commercial Contributor in connection with its distribution of the Program. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement.
- 3.6 If Contributor has knowledge that a license under a third party's intellectual property rights is required to exercise the rights granted by such Contributor under Sections 2.1 or 2.2, Contributor must (a) include a text file with the Program source code distribution titled "../IP_ISSUES", and (b) notify CA in writing at Computer Associates International, Inc., One Computer Associates Plaza, Islandia, New York 11749, Attn: Open Source Group or by email at opensource@ca.com, both describing the claim and the party making the claim in sufficient detail that a Recipient and CA will know whom to contact with regard to such matter. If Contributor obtains such knowledge after the Contribution is made available, Contributor shall also promptly modify the IP_ISSUES file in all copies Contributor makes available thereafter and shall take other steps (such as notifying appropriate mailing lists or newsgroups) reasonably calculated to inform those who received the Program that such new knowledge has been obtained.
- 3.7 Recipient shall not remove, obscure, or modify any CA or other Contributor copyright or patent proprietary notices appearing in the Program, whether in the source code, object code or in any documentation. In addition to the obligations

set forth in Section 4, each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.

4. CONTRIBUTION RESTRICTIONS

- 4.1 Each Contributor must cause the Program to which the Contributor provides a Contribution to contain a file documenting the changes the Contributor made to create its version of the Program and the date of any change. Each Contributor must also include a prominent statement that the Contribution is derived, directly or indirectly, from the Program distributed by a prior Contributor, including the name of the prior Contributor from which such Contribution was derived, in (a) the Program source code, and (b) in any notice in an executable version or related documentation in which the Contributor describes the origin or ownership of the Program.

5. NO WARRANTY

- 5.1 EXCEPT AS EXPRESSLY SET FORTH IN THIS LICENSE, THE PROGRAM IS PROVIDED “AS IS” AND IN ITS PRESENT STATE AND CONDITION. NO WARRANTY, REPRESENTATION, CONDITION, UNDERTAKING OR TERM, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, AS TO THE CONDITION, QUALITY, DURABILITY, PERFORMANCE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR USE OF THE PROGRAM IS GIVEN OR ASSUMED BY ANY CONTRIBUTOR AND ALL SUCH WARRANTIES, REPRESENTATIONS, CONDITIONS, UNDERTAKINGS AND TERMS ARE HEREBY EXCLUDED TO THE FULLEST EXTENT PERMITTED BY LAW.

- 5.2 Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this License, including but not limited to the risks and costs of program errors, compliance with applicable laws, damage to or loss of data, programs or equipment, and unavailability or interruption of operations.

- 5.3 Each Recipient acknowledges that the Program is not intended for use in the operation of nuclear facilities, aircraft navigation, communication systems, or air traffic control machines in which case the failure of the Program could lead to death, personal injury, or severe physical or environmental damage.

6. DISCLAIMER OF LIABILITY

- 6.1 EXCEPT AS EXPRESSLY SET FORTH IN THIS LICENSE, AND TO THE EXTENT PERMITTED BY LAW, NO CONTRIBUTOR SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT

LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. TRADEMARKS AND BRANDING

- 7.1 This License does not grant any Recipient or any third party any rights to use the trademarks or trade names now or subsequently posted at <http://www.ca.com/catrdmrk.htm>, or any other trademarks, service marks, logos or trade names belonging to CA (collectively "CA Marks") or to any trademark, service mark, logo or trade name belonging to any Contributor. Recipient agrees not to use any CA Marks in or as part of the name of products derived from the Original Program or to endorse or promote products derived from the Original Program.
- 7.2 Subject to Section 7.1, Recipients may distribute the Program under trademarks, logos, and product names belonging to the Recipient provided that all copyright and other attribution notices remain in the Program.

8. PATENT LITIGATION

- 8.1 If Recipient institutes patent litigation against any person or entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2.2 shall terminate as of the date such litigation is filed.

9. OWNERSHIP

- 9.1 Subject to the licenses granted under this License in Sections 2.1 and 2.2 above, each Contributor retains all rights, title and interest in and to any Contributions made by such Contributor. CA retains all rights, title and interest in and to the Original Program and any Contributions made by or on behalf of CA ("CA Contributions"), and such CA Contributions will not be automatically subject to this License. CA may, at its sole discretion, choose to license such CA Contributions under this License, or on different terms from those contained in this License or may choose not to license them at all.

10. TERMINATION

- 10.1 All of Recipient's rights under this License shall terminate if it fails to comply with any of the material terms or conditions of this License and does not cure such failure in a reasonable period of time after becoming aware of such

noncompliance. If Recipient's rights under this License terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this License and any licenses granted by Recipient as a Contributor relating to the Program shall continue and survive termination.

11. GENERAL

- 11.1 If any provision of this License is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this License, and without further action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.
- 11.2 CA may publish new versions (including revisions) of this License from time to time. Each new version of the License will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the License under which it was received. In addition, after a new version of the License is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. No one other than CA has the right to modify this License.
- 11.3 If it is impossible for Recipient to comply with any of the terms of this License with respect to some or all of the Program due to statute, judicial order, or regulation, then Recipient must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be included in the IP_ISSUES file described in Section 3.6 and must be included with all distributions of the Program source code. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a Recipient of ordinary skill to be able to understand it.
- 11.4 This License is governed by the laws of the State of New York. No Recipient will bring a legal action under this License more than one year after the cause of action arose. Each Recipient waives its rights to a jury trial in any resulting litigation. Any litigation or other dispute resolution between a Recipient and CA relating to this License shall take place in the State of New York, and Recipient and CA hereby consent to the personal jurisdiction of, and venue in, the state and federal courts within that district with respect to this License. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded.
- 11.5 Where Recipient is located in the province of Quebec, Canada, the following clause applies: The parties hereby confirm that they have requested that this License and all related documents be drafted in English. Les parties contractantes

confirment qu'elles ont exigé que le présent contrat et tous les documents associés soient rédigés en anglais.

- 11.6 The Program is subject to all export and import laws, restrictions and regulations of the country in which Recipient receives the Program. Recipient is solely responsible for complying with and ensuring that Recipient does not export, re-export, or import the Program in violation of such laws, restrictions or regulations, or without any necessary licenses and authorizations.
- 11.7 This License constitutes the entire agreement between the parties with respect to the subject matter hereof.
