

APPENDIX D

FORTRAN LOGICAL DEVICE ASSIGNMENTS

Logical Unit Number	Device	Default File Name
1	system disk, SY:	FOR001.DAT
2	system disk, SY:	FOR002.DAT
3	system disk, SY:	FOR003.DAT
4	high-speed paper tape reader, PR:	FOR004.DAT
5	line printer, LP:	FOR005.DAT
6	terminal keyboard, KB:	FOR006.DAT
7	system disk, SY:	FOR007.DAT
8	BATCH system input device, BI:	FOR008.DAT
9	KB: (For error logging Dataset name (CMO))	

Default assignments can be overridden by the \$ASSIGN statement. For example

```
$ASSIGN BI:,3
```

assigns the Batch input device to logical unit 3. A READ to BI would be specified

```
READ(3,...)
```
